A&D WATCH

If there's an opportunity out there, we can get to it.

The oil and gas industry is dynamic and evolving and demands an advisor with the vision and expertise to keep moving forward. Jefferies Randall & Dewey is recognized as a leading global advisor for transaction services and for solving complex oil and gas business challenges. We built our advisory business by combining sophisticated transaction knowledge with hands-on E&P expertise and work with all players in the industry, handling smaller deals as well as large corporate transactions. We match our deep industry insight with the full range of investment banking products, including advisory services, capital raising and international reach. Assurance that no matter where your opportunity lies, we can help you uncover it. Because with Jefferies, it's **all possible**®.

In the last 12 months, we have advised on nearly 60 oil and gas transactions valued at more than \$30 billion.

Who's in Who E&P A&D 2008

First printed in 2002, this year's *Who's Who in E&P A&D* is celebrating reaching a new milestone—a cyber one. The directory this year has been created entirely from the new online database that is at the just-launched A-Dcenter.com, the new real-time tool for finding deals to do, metrics on deals done, the key deal-makers and advisors, and more market intelligence for successful buying and selling.

The *Who's Who in E&P A&D* directory is now updated year-round, and is searchable and sortable for all key facts, from company and go-to contact name to areas of operation and sports/hobbies. Looking for Permian assets? Search, sort, find. Looking to put together a golf foursome in Midland? Search, sort, find.

The database and this year's print edition include nearly 500 listings of upstream asset-buyers and -sellers, representing more than 250 oil and gas companies, ranging from private start-ups to ExxonMobil.

And, some names in this year's edition are familiar but with new firms, due to their deal-making during the past year: **Matt McCarroll** of Maritech Resources has formed Dynamic Offshore Resources, and has taken in the former SPN Resources assets, including **Greg Miller** and **Gary Janik**; **Ann McConville** of Fives States and Bison has joined Providence Energy; **Robert Ransone** of Five States and Duer Wagner has gone to Barnes Oil & Gas; **Binney Williamson** has joined **Glen Mizenko** and **Scott Laverde** at Forest Oil, upon El Paso's purchase of Peoples Energy; Pogo Producing's **Leah Smith** has joined Hess Corp., upon Plains' purchase of Pogo; Continental's **Rodney Kubicek** has joined **Randy Newcomer** at Riverbend; and **Alison Whitely** remains with Dominion, while **Scott Carrasco** has gone with Tim Parker to HighMount E&P.

Looking for Taylor Energy this year? Its new name is Ankor Energy, and **Frank Barber** and **Warren Miguez** can be found there. Looking for Darcy Energy? It's now Leed Petroleum, and the lead A&D contact is **Howard Wilson**.

Inside, indices are by company and also by contact name. And, you'll find a directory of A&D advisory firms as well. A "Get Listed" form is provided too, for making updates to your listing or to be added to the online directory.

See you at A-Dcenter.com, and may all your deals be good.

CHAIR - ENERGY PRACTICE

With years of industry experience, we bring the right
energy to meeting your goals.

We have built our energy practice around the interests of business owners, executives and corporate counsel. Porter & Hedges is lean by design.

Our team of energy lawyers is actively involved in the important work of our clients' operations—whether upstream, midstream or downstream, or financing these projects through various commercial lenders and other capital market participants.

*Providing honest value is at the center of our relationships,
and we demonstrate that business is personal.*

Value Added.

With deep roots in the oil and natural gas business dating back to the 1930s, we have been adding value to the MDU Resources Group, Inc. (NYSE: MDU) family of companies for well over seven decades. Our proud team of industry experts has a long history of increased reserves and rising production.

Fidelity Exploration & Production Company is engaged in natural gas and oil acquisition, exploration and production activities in the Rocky Mountain region of the United States and in and around the Gulf of Mexico.

Using the right blend of risk and reserve, we have the proven knowledge, skill and resources to continue to provide domestic energy to meet increasing consumer demand.

Sweet. Very sweet.

UNCONVENTIONAL

**Where are the greatest opportunities found?
In our business, they are everywhere.**

Fact is, some companies are better at finding opportunity than others. Companies that are adaptive, collaborative and nimble. That are focused and innovative. Companies like Trans-Orient Petroleum Ltd. By combining innovation with experience, Trans-Orient finds opportunities. And our shale plays in Australasia are backed by the vision, knowledge and expertise that turn those opportunities into results. As an emerging Australasia oil explorer and the largest acreage holder of fractured Waipawa Black Shale in New Zealand, Trans-Orient is proud to be leveraging "convention" in unconventional opportunities.

RICHARDSON BARR & CO.

Divestiture Focus, Principal Involvement, Integrity

At Richardson Barr & Co. we believe that our divestiture focus and our firm's extensive transactional experience maximize value for our clients. Furthermore, our recently announced acquisition by RBC Capital Markets will provide our clients with unmatched global access to further ensure that their assets get complete exposure to the international buying community. Most importantly, we continue to provide everything you have come to expect from a well-seasoned divestiture firm with the added security of experienced execution from our firm's principals. Whatever the divestiture transaction – from a single field, multi-basin divestiture, or corporate sale – we are perfectly situated to assist you.

All of our clients are equally deserving of superior execution. We invite you to become one of them.

oil & gas divestment specialists

The way oil & gas divestment should be done.

One-Stop Shop

We are oil & gas divestment specialists. To this end, however, we provide a broad array of divestiture services to our clients in preparation for a sale.

We provide many of these services in conjunction with our parent and partner, Morgan Keegan, Inc., one of the South's largest full-service investment banking firms. This allows us to leverage both companies' experience to provide corporate valuations and fairness opinions along with superior divestment advice and execution.

We strive to provide our clients with the highest quality engineering and financial advice possible, including helping them maximize their assets and structure their deals. We also stand by our sellers through the purchase and sale negotiations and closing.

Our clients often seek our advice when making strategic A&D decisions. This advice serves to minimize their capital outlays and development time while maximizing the sales price.

Over the past 20 years, we have successfully completed 259 corporate and asset sales with a value of more than \$9 billion. Through July of this year, Albrecht & Associates has successfully completed over \$1 billion in sales.

Ask our sellers. Ask our buyers. Ask us what we can do for you.
